Movement Among Conductors to Obtain Salary Increase.

There is talk of a movement to organize the Pullman sleeping-car conductors in the prospect of obtaining an increase of pay from the company. Local officials of the from the company. Local officials of the company say they are in Ignorance of it and few of the conductors will speak of it. Some of the conductors have received a circular, urging the consummation of the plan, but no open steps have been taken. One of the conductors said yesterday that in some cases the pay was regarded as too low. For the first six months a conductor receives \$65, \$70 for the next six months and \$45 a month thereafter. On the best runs, such as the limited Eastern express trains, the conductors, who are all picked men, receive \$26 a month.

#### MORGAN IN SUPREME CONTROL

Officers of Present Companies to Give Their Services in Management of the Lines Under New Arrangement.

London, May &-The Associated Press has obtained copies of the shipping combine agreements. They are called "provisional agreements for the purpose of the acquisi-tion, on or before December 31, 1968, of the White Star, Dominion, American and Atlantic transport lines, to be organized under the direction of the vendors, to the satisfac tion of the bankers, namely the Morgans, under the laws of the State of New York or such other State as shall be selected." The vendors, Ismay, Imrie & Co., Mills & Co. (Dominion Line), and Messrs. Wide ner, Griscom and Bernard Baker, receive as consideration for all their capital stock

\$120,000,000, of which \$60,000,000 is preferred stock, cumulative, at 6 per cent, and \$60,-000,000 common stock, limited to 10 per cent, and also \$50,000,000 in collateral trust 41/2 per cent debentures.

Sale Antedated to January 1, 1901.

The White Star Line's acquisition is antedated to January 1, 1901, the combine or co-operation, as it is termed, taking all the line's profits from that date. The White Star Line shares are exchanged on the basis of ten times the net profits made by that line in 1991. The arrangement made with the Dominion Line is similar to that made with the White Star Line, but on the net profits for 1990. profits for 1900.

The American and Transport lines are lumped in one valuation at \$34,158,000, subject to \$19,686,000 of the American lines 5 per cent bonds. The Leyland Line is valued at \$11,736,000, based on the understanding that there are, or will be, outstanding \$4,075,000 in 5 per cent debentures, which are the property of th

The method of payment is as follows: White Star Line, 25 per cent cash, 75 per cent preferred, at par, and 37% per cent of the total amount in common at par. The Dominion Line payment is exactly the same, and the American and Transport lines get and the American and Transport lines get between them \$18,314,000 in preferred, \$915,-700 in common, \$15,844,000 in cash, and such further cash as may be required, at a rate not exceeding 6 per cent. The Leyland Line gets \$11,736,000 cash, the

bonds go to the vendors, who, however, con-tribute to the corporation as working cap-ital \$786,000 in preferred, and \$5.643.000 in common stock, and "are to transfer it to the syndicate if and when formed by the bankers, namely, the Morgans, for \$50,000. 000 cash and fn full payment for its serv-ices, the \$50,000,000 in debentures, and also \$2,500,000 in preferred and \$2,500,000 in com-mon stock." mon stock.

It is provided that the corporation may take or decline to take any of the lines of which less than three-fourths of their of which less than three-fourths of their interest shall be delivered by December 31, 1802. The exclusion of one lines does not affect the agreement with the others. The vendors agree to use their best efforts to deliver the necessary three-fourths of their company's stocks. The agreements would have been broken had not the Morgans formed the original syndicate of \$52,000,000 cash prior to April 30, 1802. All the purchase prices include the ships building.

From Stabs. Cincinnati, May 8.-Mrs. George W. Herget was killed early to-day during a carousal at her home in Dayton, Ky. Her busband, William Thornton, Frank Kent, Thomas Shields and William Murray, alias Ford Mattox, have been arrested on the

Judge Sidener stayed the fine upon this agreement and Deputy Marshal Lueders and a Deputy from the License Commissioner's office went down to the dog farm to count the brutes. They found twenty-two. One had died while its mistress was in court. With great reluctance the old woman counted out the money, first begging pitcously that the little ones be overlooked for they were liable to die, but the Deputies
